

STANDARD CONTRACT RIDER NO. 58

ECONOMIC DEVELOPMENT RIDER

AVAILABILITY

Available, at the Company's option, to non-residential customers receiving service under the provisions of one of the Company's non-residential tariff schedules. This Rider is available for load associated with initial permanent service to new establishments, expansion of existing establishments, or new customers in existing establishments who make application to the Company for service under this Rider and the Company approves such application. This Rider will apply only to customers served under Rate HLF – Schedule for High Load Factor Service. The new load applicable under this Rider must be a minimum of 1,000 kW demand at one delivery point. The maximum load to qualify for this Rider is 10,000 kW. To qualify for service under this Rider, the customer must meet the qualifications as set forth below. Further, the customer must have applied for and received economic assistance from the State or local government or other public agency before the Company will approve a Service Agreement under this Rider. Where the customer is new to the Company's service area or is an existing customer expanding, the customer must meet the qualifications under 1) or 2) below:

- 1) the customer must employ an additional workforce in the Company's service area of a minimum of twenty-five (25) full-time equivalent (FTE) employees per 1,000 kW demand of new load. Also, the customer's new or expanded load must result in capital investment of at least one million dollars (\$1,000,000) per 1,000 kW demand of new or expanded load. The employment additions and capital investment must occur following the Company's approval for service under this Rider.
- 2) the customer's new or expanded load must result in capital investment of ten (10) million dollars (\$10,000,000) per 1,000 kW demand of new or expanded load. This capital investment must occur following the Company's approval for service under this Rider.

The Company may also consider applying this Rider to an existing customer who, but for economic incentives being provided by the State and/or local government or public agency, would leave the Company's service area. In this event, the following provision applies:

- 1) The customer must agree, at a minimum, to retain the current number of FTE employees.

This Rider is not available to a new customer which results from a change in ownership of an existing establishment. However, if a change in ownership occurs after the customer enters into a Service Agreement for service under this Rider, the successor customer may be allowed to fulfill the balance of the Service Agreement under this Rider. This Rider is also not available for renewal of service following interruptions such as equipment failure, temporary plant shutdown, strike, or economic conditions. This Rider is not available for load shifted from one customer to another within the Company's service area.

CHARACTER OF SERVICE

The service provided shall be 60Hz alternating current provided at the Company's standard distribution or transmission voltage.

NET MONTHLY BILLING

The customer shall comply with all terms of the standard Rate HLF under which the customer takes service except that the customer's existing maximum load charge (demand charge) or the maximum load charge (demand charge) for the new load, whichever is applicable, shall be reduced by sixty (60) percent for a period of twelve (12) months. The customer will pay the full amount of the energy charges, kVAR charges, connection charges, and riders so indicated. The customer may request an effective date of the

Rider which is no later than twelve (12) months after the Service Agreement is approved and signed by the Company. All subsequent billings shall be at the appropriate full standard service tariff rate.

TERMS AND CONDITIONS

The customer must enter into a Service Agreement with the Company which shall specify, among other things, the voltage at which the customer will be served, a description of the amount and nature of the new load and the basis on which the customer requests qualification for this Rider. The customer must affirm that the availability of this Rider was a factor in the customer's decision to locate the new load or retain current load in the Company's service area.

For customers entering into a Service Agreement under this Rider due to expansion, the Company may install, at customer's expense, metering equipment necessary to measure the new load to be billed under the provisions of this Rider separate from the customer's existing load which shall be billed under the applicable standard tariff schedule.

Following the effective date of the Service Agreement, the customer must maintain a minimum demand in accordance with the Service Agreement and maintain a monthly average of 300 hours use of demand. Failure to do so will result in the customer's Service Agreement being terminated.

The Company is not obligated to extend, expand or rearrange its facilities if it determines that existing distribution/transmission facilities are of adequate capacity to serve the customer's load.

The maximum annual load permitted under this Rider shall be 50,000 kW.

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Indiana Utility Regulatory Commission, and to the Company's General Terms and Conditions currently in effect, as filed with the Indiana Utility Regulatory Commission.
